LUGGAGE AND ID

1 – SUITCASE

Each participant should pack one suitcase and one backpack. Please make sure that you have tag on your suitcase with your name and address.

2 – BACKPACK

This will be used as a travel bag for touring days. You will use it to carry your camera, extra clothes, water and snacks. It's also a good idea to pack personal items in the bag (such as medication, money, contact lenses or glasses) along with a change of clothing. Affix a luggage tag with the traveler's name and address on the outside.

WEATHER

The weather in Northern Arizona in the spring is typically sunny with a high temperature around 55 and a low at night around 27.

As with most spring weather, especially in the mountainous regions of the west, you need to be prepared for anything!

We could experience warmer days or we could have cold rain and snow. The most important thing is to be prepared for wet and cold weather with waterproof clothing and enough

layers. You can always take the layers off if it is warm.

This is an outdoor adventure, so remember to think PRACTICAL over fashionable.

We suggest that you check the weather online at www.weather.com in the days leading up to the trip. Check weather in both Grand Canyon and Flagstaff, AZ.
